Changing Lives: One Girl - One Wig

About

Hair is an integral part of any young girl's life. The effects of hair loss truly impacts self-esteem, attitude and outlook. For parents of teenage girls, it's extremely difficult to find high quality wigs that embrace the overall youthfulness of young girls. Curls For Girls wigs are 100% human hair, specifically designed for young girls. Our wigs are soft, light, and breathable, 100% hand tied base, double silk mono-top, lace front, silicone gripper at forehead, and soft rounded hypoallergenic seams.
